ABOUT US

AEXA is a multidisciplinary binational company focused on new technologies, founded in 2012 under the name of Aplicaciones Extraordinarias Aeroespaciales AEXA in Mexico and AEXA Aerospace LLC in the United States.

INTERNATIONAL AIR AND SPACE PROGRAM

It is a 5-day educational program that involves teamwork, problem-solving, and communication between students and engineers experts in the aerospace industry, with the purpose of adapting and solving any unexpected problem, while students train as astronauts, experience neutral buoyancy, gain experience flying an airplane and more.

WHY BE A SPONSOR?

BETTERMENT OF THE COMMUNITY

Show your organization's commitment to the betterment of the community by preparing the future leaders.

COMMITMENT TO THE AEROSPACE INDUSTRY

In the case of educational institutions, increase the demand for registration by positioning as a sponsoring organization of aerospace education programs.

POSITIONING

Position your organization for public awareness, which increases market participation and penetration.
